Annual sponsorships help underwrite several events and activities that leverage financial and other support and in turn, makes a meaningful difference for the 1200 children and families enrolled in one or more of our programs and services each day. Many of our families come to us at time of crisis; a time when it is hard to see a future with hope and optimism. Others come to us to take advantage of our accredited early childhood care and education services. Did you know that Children's Square opened the first child care center in Council Bluffs in 1969? We will begin our 50th year of service beginning in October! Growing children, strengthening families and building stronger communities is what we do, and we need your help! The cost of care continues to increase while reimbursement and funding formulas remain flat or shrink. Investing in children and their families in these younger years is essential. Earlier supports and treatment offer guidance, hope and a healthier future leading to better overall success in daily life, school, family and community.
